Message from the Director

Congratulations! You have taken the first step toward a very exciting and rewarding career.

Here at PB, we are celebrating a 50+ year tradition of educating students to enter and progress in the lucrative field of Cosmetology. We believe in providing each student with the maximum possible support toward achieving their career goals. PB is a complete educational environment with an appreciation for the multiple ways of learning, from the theory classrooms to hands-on experiential learning in our student salon, to active participation in the job market as a shampoo or stylist's assistant.

We strive to challenge, excite, and engage students by providing them with an experience that will be the foundation of their career. The beauty industry is in constant need of qualified, creative, well-trained professionals.

On behalf of the students, faculty, and administration, I welcome you to PB Cosmetology Education Centre, the "center of your future!"

Cosmetology: A World of Opportunity

The Cosmetology Industry, a threshold of opportunity, offers excitement and financial rewards for those who have the courage to exercise their creative spirits and the commitment to invest in him or herself. You have chosen a wonderful profession and are embarking on a career that offers personal satisfaction, financial security, and the opportunity to travel. The decision of which path to take is up to you. Whatever you choose, the opportunities are unlimited in the world of cosmetology. As you begin your journey, you can explore the different avenues that the field of cosmetology has to offer. Here are just some of the many opportunities:

Cosmetology

Nail Technician
Skin Care Specialist
Makeup Artist
Platform Artist
Sales Representative
Research Assistant
Hair Colorist
Salon Owner
Competition Champion
Barber

Education

Clinic Coordinator
Educator
Cosmetology Specialist Educator

State Board Cosmetology Examiner

Desirable qualifications for success as a professional cosmetologist are:

- You must have a positive attitude
- You must enjoy people
- You must be well groomed
- You must possess enthusiasm, want a better standard of living, and be willing to work to attain success.

Physical demands of the cosmetology, aesthetics, barbering and manicuring profession include a need for good eye-hand coordination, finger dexterity, and physical stamina to stand for a long period of time. In addition, those individuals who have experienced skin irritations or allergic reactions to chemicals used in hair, skin or nail products may need a physician's clearance to pursue training. This does not mean that another avenue in this profession cannot be taken.

Safety requirements for these professions include obeying the NJ State Board of Cosmetology and the NJ Department of Health's rules and regulations for sanitation and sterilization. OSHA (The Occupational Safety and Health Administration) is the regulating agency under the Department of Labor that enforces safety and health standards in the workplace. OSHA Standards require that employees be informed of the dangers of the materials used in the workplace and the exposure they might have to toxic substances. Material Safety Data Sheets (MSDS) and labeling of products are two important regulations that this group has put in to place to assist in safe operations. It is your responsibility to collect these sheets and to keep them available for reference.

Advantages of becoming a professional:

1. It is the type of work that exists in all localities, large or small. A cosmetologist can find a job near home or elsewhere.
2. The time and money needed to prepare for a career in cosmetology is far less than many other occupations.
3. Working conditions and surroundings are very clean and well maintained.
4. Cosmetology offers personal satisfaction; meeting the challenge of pleasing your clients is very rewarding.
5. The Cosmetology Industry has a long-range outlook and yields a steady income. The number of people who require services and visit beauty salons and the amount of money spent on beauty services is constantly increasing.

The New Jersey Division of Consumer Affairs regulates the board of Cosmetology and Hairstyling in the State of NJ. Applicants for examination and licensure must have a high school diploma or GED or a certified transcript from a high school. **The NJ Department of Education does not recognize home school or on-line diplomas, because there are no credential requirements in the State Codes that verifies the legitimacy of the education received. Therefore, home school diplomas or on-line diplomas are unacceptable.** When presented with a copy of a high school diploma or transcript that is questionable the following steps are taken to verify that the high school diploma is legitimate.

1. Search the NJ Department of Education for the school's code. If the school does not have a code, the applicant must obtain a G.E.D.
2. Search the State Department of Education's website or the actual school's website if the student obtained a high school diploma from an outside state. 3. Applicants with on-line diplomas must obtain a G.E.D.
4. PB Cosmetology does not offer the ability to benefit testing.

PROFESSIONAL POLICY

PB Cosmetology Education Centre strives to provide students, clients, and visitors with a positive, enjoyable, and professional atmosphere. Students must maintain proper decorum on school grounds and at school functions at all times. Any students found to be making malicious remarks against the school, consistently complaining about school policies, being disrespectful to an educator or staff person, using foul language or raised voice or disrupting classes may be subjected to disciplinary action. Any such disruption that interferes with an educator's lesson, clinic service, school tour, or school field trip could result in termination. Students who publish content in any form including social media that reflects negatively upon PB Cosmetology Education Centre and its entities, reputation, services, products, management or employees may be subject to disciplinary or legal action depending upon the circumstances.

TRANSFER STUDENT POLICY

Transfers are accepted only if previous training was earned in the State of New Jersey within the past three years. Transfer students are accepted after careful evaluation and a review of the student's academic records. The student must obtain an official transcript of hours in order to be given proper hourly credit. This policy applies to cosmetology, aesthetics, manicuring, and barbering.

Once the transcript is received, the student must be evaluated in order to validate the hours. A written and practical test is administered. The School informs the New Jersey State Board of Cosmetology and Hairstyling regarding the total numbers of hours for which the student will receive credit.

Tuition will be pro-rated on a per-hour basis. The transferring student will pay tuition at an hourly rate for the remainder of hours required by the New Jersey State Board of Cosmetology and Hairstyling for the course in which the student is enrolled. PB endeavors to place students into classrooms according to educational experience and hour requirements; however, it cannot be guaranteed that individual curriculum deficiencies will be addressed. Transfer students will be required to purchase an equipment kit.

Post-graduate Course

Postgraduate courses are administered to persons who presently hold a current practitioner's license, or to persons who have completed 1,200 hours of training and were graduated but have not obtained their licenses and desire to obtain advanced education. PB Cosmetology Education Centre shall forward applications for student registration cards to the State Board for all persons desiring to enroll in postgraduate course. Credit will not be given by the State Board of postgraduate courses of less than 250 hours.

DISABLED STUDENTS

No qualified handicapped person, by reason of the handicap, will be excluded from enrolling in a course of instruction. Additionally, the school will exert its best effort to provide reasonable special requirements for the handicapped person by nature of their handicap. If you would like to request academic adjustment or auxiliary aids, please contact the School Director. You may request academic adjustments or auxiliary aids at any time. Change of Enrollment Status

Students requesting transfer from day school (full time) to night school (part time) or from night school (part time) to day school (full time) are required to complete a Change of Status Request form. Should a student be approved for the schedule change, an addendum to the student's enrollment agreement must be completed, along with the payment of a \$25.00 processing fee. Students transferring schedules can only do so at the beginning of the month and only if there is adequate space in the classroom or clinic. In addition, students transferring schedules may be required to repeat subjects, may be required to pay for a replacement kit, and may receive instruction from a different educator. Students transferring to day cosmetology school must comply with the Saturday Attendance Policy.

Class Scheduling

Day classes consist of seven hours from 9:00a.m. to 4:00p.m. The seven-hour day consists of six hours of instructional training with a sixty-minute lunch break. Evening classes are scheduled in a single period from 5:30p.m. to 9:30p.m. Each student is assigned to a specific group. Students are expected to attend only the specific class posted on the schedule for their group. If the student is not in their scheduled class, the student will be marked absent. Teachers are rotated at the junior and senior level so that students have the opportunity to adapt to new situations and experience the educators' strengths and differences.

Attendance Policy

Punctual and regular attendance is an essential responsibility of each student at PB Cosmetology Education Centre. Students must attend at a 70% rate or better. Students will receive monthly progress reports detailing their attendance percentages, actual hours, scheduled hours, and makeup hours. Students whose percentage is below 70% will be counseled by a School Administrator and given a 30-day warning. After the 30-day warning if a student's next monthly progress report reflects an attendance percentage below 70% a student is placed on probation and is given another 30 days to improve. After the probationary 30 days if a student's attendance percentage is still below 70% the school has the right to terminate the student.

Overtime Charges

Upon enrollment students contract for a specified course and training hours: (Cosmetology 1200 hours, Barbering 900 hours, Skin Care 600 hours, Teachers 500 hours, and Nails 300 hours).

The School provides each student with an allowable non-chargeable absence factor equal to 10% of their contracted course length. Therefore, a 1200-hour Cosmetology student is entitled to 120 hours of non-chargeable absences, a 900-hour Barber student is entitled to 90 hours of non-chargeable absences, a 600-hour Skin Care student is entitled to 60 hours of non-chargeable absences, a 500 hour Teachers student is entitled to 50 hours, and a 300 hour Nails student is entitled to 30 hours of non-chargeable absences.

If the student exceeds the 10% absence factor as of the scheduled hour mark the student will be charged at the current hourly tuition rate (for that program) for every training hour beyond the allowable absence factor thereafter. Hours in excess of the 10% allowable non-chargeable absence factor are known as overtime hours. Overtime hours should be made up prior to the student's scheduled completion date. Overtime hours which have not been made up by the scheduled 1200, 900, 600, 500, or 300-hour mark will be charged to the student's tuition account.

Overtime charges become due as of the student's scheduled 1200, 900, 600, 500, or 300-hour mark. The school reserves the right to prohibit student participation until overtime charges have been paid.

Overtime charge by Course:

\$12.75 per hour (Cosmetology)

\$13.06 per hour (Barbering)

\$13.73 per hour (Skin Care)

\$9.00 per hour (Nails)

\$11.50 per hour (Teachers)

Leave of Absence (LOA)

Students may request a leave of absence in writing to the school's Admission's Office on the designated form. Reasons for an LOA include but are not limited to medical situations, bereavement, transportation issues, maternity leave, and child care problems. At the discretion of the School Director, LOAs for other reasons may be approved with supporting documentation. If approved, a student may take up to 90 days (calendar). Students will not incur any additional institutional charges as a result of an LOA. An addendum to the student's contract will be completed and signed reflecting the extension of the contract period by the same number of days taken in the LOA.

PB Cosmetology Education Centre may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend due to the unforeseen incident. Documentation will be collected at a later date and maintained in the student file.

A student granted an LOA is not considered to have withdrawn, and no refund calculation is required at this time.

Students on financial suspension are ineligible for an LOA. A student may take one Leave of Absence during their enrollment at PB Cosmetology Education Centre. During a Leave of Absence students who are on a monthly tuition payment plan with the school must still continue to make their payments. Students returning from a leave of absence may be required to receive instruction from a different educator, repeat subjects, and purchase replacement kit parts. Students must notify the school if they wish to extend the LOA to the 60 or 90-day mark before the expiration date of the original leave. If a student does not return at the expiration of an LOA, the student's withdrawal date for the purpose of calculating a refund is always the student's last day of attendance.

Re-enrollment

Any student making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and will be considered to be making satisfactory progress at the point of re-entry. Any student failing to make satisfactory progress at the point of withdrawal will be placed on probation for thirty days when accepted for re-enrollment. Financial aid will be dispersed during probation. After the thirty-day probationary period, if a student is not making satisfactory progress, no aid will be dispersed. After the second thirty-day period if the student is still not making satisfactory progress the student will be terminated.

The status for re-enrollment will be determined prior to the student's leave. The fee for such change is \$100.00. In addition, there may be a need to purchase a replacement kit, participate in the same subject twice, pay for the remaining hours of instruction and students may receive instruction from a different educator.

Recording of Hours

Students are required to manually sign in/out of class. Students must be present for a verbal roll call at the start and finish of every class day. Students must also maintain an accurate record of attendance in their classroom folder.

The student assumes full responsibility for the proper recording of their hours and the recording of hours to the New Jersey State Board of Cosmetology through these methods. **No adjustments to student's hours will be made to the NJ State Board of Cosmetology due to a student's failure to sign in or out or due to missing verbal roll. Failure to sign in or out will result in loss of hours.**

No student shall manually sign in/out of class for another student. Classroom hours are to be observed without fail. Please be prompt. Roll call will be conducted at the start of each class. Roll call will also be conducted at the end of each class.

Late Entry Policy

Students choosing to leave after the lunch break or before 9:30p.m. will be subjected to disciplinary action and documentation will be collected for their student file. Three violations of this policy will result in a three day/night suspension.

Absences

All absenteeism must be accounted for and reported by way of written notice or telephone to your instructor. Students are given allowed absences equal to 10% of their course length (120 hours of absences allowed for cosmetology students, 30 hours of absences allowed for nail design students, 60 hours of absences for skin care and 90 hours for barbering students.) Transfer students are given an absentee allowance of 10% of the hours for which they have enrolled.

Student attendance/absenteeism is monitored on a daily basis and may result in the student failing to meet satisfactory progress requirements. **There are no excused absences in a clock hour program regardless of documentation such as hospital records, doctor's notices, death certificates, etc. Please do not submit this documentation to your educator. Absences must be made up prior to the student's scheduled 1200, 900, 600, OR 300-hour mark (according to program) so as not to incur overtime charges.** Please see Overtime Charges in this catalog. Students with personal problems/health issues that may impact their attendance may consider taking a Leave of Absence. Please see Leave of Absence in this catalog.

Make-up Classes

Pursuant of NJAC Law 13:28-6.11(b), a student may earn make-up hourly credit to the extent of 6 hours per week in addition to their regular schedule (i.e. 30 hours per week for full time students, 16 hours per week for part time students). A full-time student may attend up to 36 hours per week, part time students up to 22 hours per week for the purpose of making up absent hours. Make-up days vary according to the school calendar. Students are informed on an "as needed basis" of the make-up schedule.

Attendance Policy Scholarship Recipients

Scholarship recipients must maintain a 90% rate of attendance or he/she will forfeit half or all of the scholarship monies. Attendance is monitored monthly via student progress reports. Attendance percentages for scholarship recipients are checked at the mid-point of the hour requirement for each course. If a scholarship recipient is below 90% at the mid-point (scheduled hours) of the course he/she will lose half of the scholarship. Attendance percentages are checked again at the completion of the course (scheduled hours) and if students are below 90% they will forfeit half of their scholarship.

Overtime Charges

Students who exceed their scheduled hours by more than 10% allowable absences will be charged additional tuition, at the current hourly tuition rate, for each hour of training required to complete their course.

Termination of Enrollment

Any student who is absent from school for 14 consecutive calendar days may have his/her enrollment terminated. Students learn through a combination of lectures, visual aids, demonstrations, and "hands on" practical experiences on mannequins and component hair. Opportunity is also provided for students to practice on each other and models for testing to offer a more realistic learning experience. Juniors wear white uniforms to signify their student status.

The second six hundred (600) hours of the course the student is afforded "senior" status. Senior learning activities take place in the classrooms and the clinic. Along with continued theory and mannequin assignments, senior students perform beauty services as realistically as possible to a modern salon environment. During this phase of the course the student is guided in gaining experience designed not only to develop and perfect the skills previously acquired, but to aid in the development of the speed, confidence, salesmanship, customer relation skills and professionalism required for success in the professional salon environment. Senior students often receive tips from clients who are satisfied with the beauty services provided. Senior students wear black uniforms to differentiate themselves from junior students.

Academic Progress:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. The software will report completion of the practical assignment. Practical assignments are assessed using rubrics. Students must maintain a 70% academic average (combined written and practical). Numerical grades are considered according to the following scale:

Points	Status
90-100	EXCELLENT
80-89	GOOD
70-79	SATISFACTORY
69 and Below	UNSATISFACTORY

Academic Progress:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. The software will report completion of the practical assignment. Practical assignments are assessed using rubrics. Students must maintain a 70% academic average (combined written and practical). Numerical grades are considered according to the following scale:

BARBERING COURSE

Description:

This course, which is taught in English, consists of nine hundred (900) hours of instruction in the art, science, and business of professional barbering. A comprehensive full service approach applicable in today's salon environment is stressed. The students will receive instruction in "theory" (textbook/lecture oriented material) and in "clinical" experiences (actual models and clients).

The first four hundred and fifty hours (450) hours of the course the student is designated "junior" status. Learning activities take place in the classrooms separate from the "Clinic" to assure a quiet and orderly learning environment. Junior students receive instruction in the basic methods of all the areas covered in the course. No previous knowledge of any aspect of barbering is required or assumed. Students learn through a combination of lectures, visual aids, demonstrations, and "hands on" practical experiences on mannequins and component hair. Opportunity is also provided for students to practice on each other and

models for testing to offer a more realistic learning experience. Juniors wear white uniforms to signify their status.

The second four hundred and fifty (450) hours of the course the student is afforded “senior” status. Senior learning activities take place in the classrooms and clinic. Along with continued theory and mannequin assignments, senior students perform barbering services as realistically as possible to a modern salon environment. During this phase of the course the student is guided in gaining experience designed not only to develop and perfect the skills previously acquired, but to aid in the development of the speed, confidence, salesmanship, customer relation skills and professionalism required for success in the professional salon environment. Senior students often receive tips from clients who are satisfied with the barbering service provided. Senior students wear black uniforms to differentiate themselves from the junior students.

Barbering Course Goals

1. Students are to acquire knowledge and skills, theoretical and practical, sufficient to pass the State of New Jersey Board of Cosmetology and Barbering examination for licensing as a professional barber
2. Graduates will have the practical and business skills to acquire employment in a professional, licensed salon environment
3. Graduates will have developed the skills, speed, salesmanship, ethics, and professionalism required to prosper as a professional barber
4. Successful graduates will have the pride and professionalism to not only maintain, but to elevate the perceived value of their services by the consumer of today’s full service barber shop

Barbering Course Format:

The course is a combination of lecture, demonstration, and student participation and practice. Student practice will include experiences both on mannequins and clients. Audio visual aids and guest artists will supplement regular instruction. Students will be provided the opportunity to participate in field trips and other extracurricular activities.

Upon completion of the basic course in barbering, the student should have acquired all the skills necessary to work in a barber shop. He/She has mastered the skills required to treat hair, skin, and nails.

Evaluation:

All students will be administered regular written “theory” and practical examinations. Junior students will be graded on mannequin assignments and workbook assignments as they are completed. Senior students will be required to complete a minimum number of practical assignments daily including services performed on clients in the senior clinic. Written and practical examinations will be weighted equally. A minimum score of seventy percent (70%) is required as a passing score on all examinations.

Barbering Attendance:

All students are expected to attend class regularly and to pursue the instruction diligently. Students who must be absent from class are required to notify their educator, as would be expected by an employer. Students are issued one late pass per month of enrollment. Part-time evening students are allowed to enter class with a late pass up until 6:00 p.m. Students will not be permitted into class after this time

without a proper late pass. See the requirements for “Late Entry” and “Satisfactory Progress” in this Student Catalog.

School Library

The school library provides faculty and students with supplementary materials for academic growth and advancement of skills. The educator may survey the class and make the recommendations as to informative periodicals, videotapes, dvds, books, etc. that are available to students during class time from the school library.

State Board Preparation

Students are required to participate in written and practical State Board Preparation Classes. During their senior level of training full-time senior Cosmetology students are rotated off the clinic floor in groups to participate in these special State Board Preparation Workshops. Instruction is given in both theoretical and practical subjects. Part-time Cosmetology, Aesthetics, Barbering and Manicuring students have state board prep as part of their regular class schedule.

ORIENTATION

All students are required to participate in two orientation sessions while enrolled in their course at PB Cosmetology Education Centre. The Junior Student Orientation is held on an evening prior to the class starting date. Enrollment contracts, financial aid entrance interview counseling, catalogue review, and school rules and regulations are conducted during the Junior Orientation session. The Senior Student Orientation is held prior to students entering the senior level of training. Senior permits, clinic policies and procedures, and station assignments are discussed. Orientations are mandatory for participation in the training programs. It is the responsibility of the student to reschedule orientation if they are absent for the regularly scheduled orientation.

ASSESSMENT/CLASSWORK

Advisement

Student advisement is conducted monthly by the student's Educator when progress reports are issued or on an as needed basis. The purpose of student advisement is to provide students with academic, attendance and career guidance. When attendance rates or academic averages fall below 70% but the student is not at a formal satisfactory progress checkpoint, the school will provide advisement on an as needed basis.

Student Activities

Students may choose to participate in extra-curricular activities conducted by the student body under the supervision of the School. Field trips to local and national trade shows, beauty supply houses, and area salons provide students with valuable information, which enhances their in-school educational experiences. From time to time students are required to pay an admission and/or transportation fee to trade shows or competitions.

Classwork

Students are required to attend all classes, pursue class work diligently, complete all homework assignments, participate in model workshops, take tests and quizzes, service all clients, complete daily academic folders, and keep an up-to-date notebook in order to maintain satisfactory academic progress. Refusal to participate requires the student to sign out for the day, therefore losing training hours. Students must maintain an academic average of 70% in order to continue in the program.

Students are given an academic folder with weekly class sheets. Weekly class sheets should be dated and completed on a daily basis. Daily entries on the weekly class sheets must be signed and graded by the instructor at the end of each day prior to the student signing out of class. Academic folders are the property of PB School and cannot be removed from the classroom.

Class work or homework that is missed by the student due to an absence is the responsibility of the student to complete and submit on the scheduled due date.

Missed written tests are to be made up on the first day of the student's return to school after absence. Failure to make up a missed test will result in no credit for the student's final grade and may affect the student's Satisfactory Progress.

Practical tests are performed on live models. Students are given advance notice of practical testing dates. Any practical test that is not performed on a live model will result in a 10-point penalty on the final exam. Missed practical tests are rescheduled at the discretion of the educator and students will have advance notice to bring in a live model or will incur the 10-point penalty on the make-up test. If a student misses the rescheduled test date the final grade will be a zero.

Constitution Day

On September 17th of each year or the first day back to school, PB Cosmetology will hold a day dedicated to the Constitution of the United States. At least three months before holding this event we will actively request suggestions from both our current student body and staff on how they feel that we could best commemorate the September 17, 1787 signing of the Constitution.

EXAMINATION AND LICENSURE

Permit Policy

The New Jersey Statutes Annotated 45:5B-25 provides for the issuing of student work permits. Students must display a copy of their permit both at school and in the salon where they are practicing. Student permits remain valid only during the period of time that the student is enrolled in an approved cosmetology program. The permit automatically expires upon a student's graduation or if the student should withdraw from the program.

The educator, prior to senior status, hands out permit paperwork to his or her students. The paperwork requires a physician's signature that declares the student free of any contagious and communicable diseases. The signature of the physician must be current and expires within 90 days. Permits will not be granted by the state to students whose physician's signature is past 90 days. Students without permit paperwork submitted will not be permitted to work on a client. Students who fail to submit paperwork at the scheduled senior status hour mark will be suspended from school until the paperwork has been submitted.

Information about NJ State Exams

The State Board Examination for licensure is required to obtain a license to practice, upon completion of all courses. Examiners of the NJ State Board of Cosmetology administer the examinations at testing centers outside of PB Cosmetology Education Centre. The test is two parts: written and practical. The written exam must be taken and passed and then students are eligible to sit for the practical. Fees for examination and licensure are not paid to PB. Fees are paid directly to Prometric Testing and to the NJ State Board of Cosmetology. New Jersey State Law requires testing applicants to be legal residents of the United States.

Early State Board Testing

To qualify to take the NJ State Board of Cosmetology's "Early Test" for the written theory exam a student must have 960 actual hours for the cosmetology program, 480 actual hour hours for the skin care program, 240 actual hours for the nail program and 720 actual hours for the barbering program.

Early Testing is only available if you are currently registered and attending a school in New Jersey. Students are required to complete the written exam as part of graduation requirements and this is reflected on the student's progress report.

Temporary Work Permit

The temporary permit is only available to examinee(s) who register for the regularly scheduled examinations given each month and who have completed their cosmetology and hairstyling program. The temporary permit allows a graduate to work in a salon until they sit for their licensing exam. Students registered for the special Mass Testing are still completing the cosmetology or manicuring program and should be using the Student Permit to work in a salon. If a student participating in the special Mass Testing passes the exam, they will not need a temporary permit. If an examinee failed, the

special Mass Testing then the examinee is not eligible for a temporary permit because they have demonstrated that they may not have the knowledge or skills necessary to work in a salon. The examinee will need to reschedule for the portion of the exam that they failed.

Classified Students

The New Jersey State Board of Cosmetology and Hairstyling can accommodate classified students that require reader assistance for the written examination for licensure.

PB is committed to assisting every graduate in job placement and career planning, not only upon graduation but throughout their entire career as well. There is no charge to students, graduates, or salons utilizing the school's job placement services.

The school does not guarantee employment to its students; however, employment opportunities are identified and posted for students. Students and graduates interested in job placement postings should contact Student Services, who will interview and advise students on the opportunities available. Interviews may be arranged at the student's request.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in this catalog and reviewed at the new student orientation to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

NOTE: Students receiving funds under any Federal Title IV Financial Aid Program must maintain satisfactory progress in order to continue eligibility for such funds.

Attendance Progress:

Students are required to attend a minimum of 70% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled.

At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame:

The maximum time frame which does not exceed 150% of the course length allowed for students to complete each course at satisfactory academic progress is stated below:

Maximum Time: The maximum time a full-time student has to complete:

Cosmetology Course is 60 weeks (1800 scheduled clock hours)
Skin Care Course is 30 weeks (900 scheduled clock hours)
Teachers Course is 46.5 weeks (750 scheduled clock hours)

The maximum time a part-time student has to complete:

Cosmetology Course is 112.5 weeks (1800 scheduled clock hours)
Skin Care Course is 60 weeks (900 scheduled clock hours)
Teachers Course is 25.5 weeks (750 scheduled clock hours)
Nails Course is 30 weeks (450 scheduled clock hours)
Barber Course is 85.5 weeks (1350 scheduled clock hours)

Leave of Absence and Maximum Time Frame:

A leave of absence extends the student's contract period and maximum time frame to complete by the same number of hours in the leave of absence.

Academic Progress:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. The software will report completion of the practical assignment. Practical assignments are assessed using rubrics. Students must maintain a 70% academic average (combined written and practical). Numerical grades are considered according to the following scale:

Points

80-89
70-79
69 and Below

UNSATISFACTORY

Determination of Progress

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Cosmetology Program: 450, 900, 1350, 1716 scheduled hours
Barbering Program 450, 900, 1287 scheduled hours
Skin Care: 300, 600, 858 scheduled hours
Nail: 150, 300, 429 scheduled hours
Teachers: 250, 500, 715 scheduled hours

Warning:

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation:

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision and prevails upon the appeal.

Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-establishment of Satisfactory Academic Progress:

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals:

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Appeal Process:

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the School Director on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Noncredit, Remedial Courses, Repetitions

Remedial courses, repetitions, and non-credit courses have no effect upon the school's satisfactory academic progress standards.

Transfer Hours:

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

Student Access to Satisfactory Academic Progress evaluation results:

Students receive a hard copy of their Satisfactory Academic Progress evaluation at the time of each evaluation checkpoint. Students must sign the copy and it is maintained in their student file.

STUDENT FINANCIAL AID

It is the philosophy of PB Cosmetology Education Centre that no student should be restricted from attending school because of limited financial resources. Each year, approximately three-quarters of PB students receive some form of financial assistance.

The Title IV Financial Aid Program has been developed to assist students in achieving their educational goals.

Financial Aid Eligibility

You must be a United States citizen, national or permanent resident, or in the United States for other than temporary purposes, and have documentation to support your status.

Students enrolled in programs less than 600 clock hours are not eligible for the Federal Pell Grant Program. The Federal Education Loan Program requires that your course be at least 300 clock hours in length. To receive financial aid, you must be making satisfactory progress as defined in this catalog. You must be able to show, in the forms you complete, that you are eligible for one of the categories of financial aid available.

Applying for Financial Aid

You may apply for financial aid at the same time you apply for admission to PB Cosmetology Education Centre. The school may make a financial aid determination prior to you starting the course. However, no financial aid payments will be made until you have started your classes.

Financial Aid for Transfer Students

Students are required to disclose any previous post-secondary education to the school administration. The financial aid administrator will access the database system (NSLDS) to determine prior Title IV aid used at the other institutions.

Available Financial Aid Programs

The PB Office of Financial Aid offers three basic programs of financial aid. Most students receive a combination of these sources of aid, and the program is referred to as the student's "financial aid packages."

Scholarships

Scholarships are made available to area high schools students who demonstrate an aptitude and desire for cosmetology. These awards **are contingent upon the successful completion of the course by the student.** The school may, from time to time, select other applicants (non-traditional students) for partial scholarships. Interested applicants should inquire at the Career Development Office for information regarding scholarships. Candidate selection is at the discretion of the PB Cosmetology Education Centre Scholarship Committee. All scholarship recipients must maintain a 90% attendance rate and a 70% academic average.

Scholarship Forfeiture Agreement

Recipients of a scholarship at PB Cosmetology Education Centre will be evaluated at the scheduled 150, 300, 450 or 600-hour mark and at the scheduled 300, 600, 900 or 1200-hour mark to ensure that the student is maintaining a 90% rate of attendance and a 70% academic average. If at the scheduled 150, 300, 450 or 600 hour mark the student is not meeting these rates he or she will lose half of the awarded scholarship. If at the scheduled 300, 600, 900 or 1200 hour mark the student is not meeting these rates he or she will lose the remaining balance of the scholarship. Any monies that are lost become payable by the student.

Student Loans

Federal student loans are often a part of the student's financial aid package. They allow students to defer the cost of their education by "borrowing now and paying later." Student loans are processed through the Federal government.

Federal Student Loan Programs

Federal Stafford Loan – Subsidized and/or Unsubsidized Loans

Federal PLUS Loan – Parent Loan for Undergraduate Students

The William D. Ford Direct Loan Program is the collective name for both Stafford and Plus loans.

Grants

Grants are awarded on the basis of financial need. You are not required to repay a grant.

Federal Grant Programs:

Federal Pell Grant (FPELL)

Federal Supplemental Educational Opportunity Grant (FSEOG)

Determining Financial Need

The following steps are followed for determining a student's financial need:

Expenses for a student's academic year (living and educational costs) are identified; (living accommodations and marital status are considered when establishing a student's expenses).

The student's ability to pay for a portion of these expenses, referred to as the "expected family contribution," is then determined.

The difference between the above two figures is calculated as the student's financial need.

Typical Student Expenses

While your tuition and fee costs are fixed, the amount you spend on living costs will depend largely on your own actions as well as your individual circumstances, such as whether or not you have other dependents. In order to estimate what these expenses might be, we have prepared the following chart based upon a survey of current students to determine a modest, but adequate standard of living under various conditions. Added to these figures are the cost of tuition, fees, books, and supplies for the program in which you intend to enroll. Budgets may be adjusted for any unusual costs, such as expenses for childcare or for a handicap.

ESTIMATE OF MONTHLY LIVING EXPENSES 2018-2019

	<u>Student Living With Parents/No Dependents</u>	<u>All Others</u>
Room & Board (monthly)	\$ 363.00	\$ 1,189.00
Transportation (monthly)	\$ 154.00	\$ 495.00
Personal Expenses (monthly)	\$ 155.00	\$ 703.00

Family Contribution

The expected family contribution toward a student's expenses is determined by using a federally approved formula. The school will estimate this contribution for you at no cost, during your financial aid interview. The Institutional Student Information Report is the official calculation of a student's expected family contribution.

Financial Need

The official family contribution is subtracted from the student's expenses, including tuition and fees. The remaining amount is the student's **financial need**. This formula determines the maximum amount the student can be awarded in financial aid.

Financial Aid Selection

Eligibility for the Pell Grant and Direct Loan Program is determined based on the financial and household information used in calculating your expected family contribution. FSEOG funds are reserved for those students who demonstrate exceptional need and who have applied for all other sources of financial aid, but still have a remaining need, to meet the costs of tuition, fees, kit, and textbooks.

Payment of Financial Aid

When the students are awarded financial aid, all proceeds are credited to the student's account. Only after all financial obligations to PB are satisfied will any balance be refunded.

The student will receive a notice of the amount of financial aid they are scheduled to receive and when the financial aid payment is expected to be received.

After the initial financial aid payment, receipt of subsequent funds is dependent upon the student maintaining satisfactory progress as outlined in this catalog and completing the necessary clock hours. Student accounts are credited with financial aid awards at least twice, usually at the beginning of the program and at the midpoint of the program's academic year.

Financial Aid Appeals

The following is the appeal process for any student who feels that their financial aid application was not given proper consideration.

The student submits an appeal in writing to the School's Financial Aid Administrator.

The Financial Aid Administrator schedules a personal interview with the student. The Financial Aid Administrator will review the appeal and the results of the interview and will forward a recommendation to the School Director for final action.

The School Director will make the final decision, and notify the student accordingly.

Financial Suspension and Past-Due balances

Students are financially responsible for the payment of all fees charged to their tuition accounts including, but not limited to tuition, textbooks, uniforms, and all miscellaneous fees. A student's balance is considered past due if it is more than 30 days unpaid. A late fee of \$10 will be charged to the student's

account. After 60 days' delinquent, the student will be suspended from training and will earn absent hours during the suspension. The period of suspension shall not exceed 14 calendar days. At the end of the suspension if the account balance has not been brought current, the student will be terminated.

Collections

When students have a balance with PB Cosmetology Education Centre, they initially are sent a monthly billing statement. If the bill remains unpaid after 90 days, the student will be sent a final notice. Notices are sent via postal mail, and are sent to the most current address the school has on file. It is the student's responsibility to ensure his or her information is accurate. If a student's bill is unpaid for 90 days or more, it is subject to be sent to a collections agency.

ENTRANCE AND EXIT COUNSELING

All students taking out Direct Subsidized Loans or Direct Unsubsidized Loans are required to complete entrance and exit counseling.

Students that are enrolling in school must complete entrance counseling before the first disbursement of loan money can be made. The goal of entrance counseling is to help you understand what it means to take out federal student loans.

Students that are graduating or withdrawing from school must complete exit counseling. Exit counseling provides important information you will need as you prepare to repay your federal student loans, and also provides information on deferment, forbearance, and cancellation options.

All entrance and exit counseling will be completed on the Federal Student Aid website found at www.studentloans.gov.

Every financial aid recipient is required to have a meeting with the PB Cosmetology Education Center Financial Aid Advisor upon enrolling and separating from the school. At this time, the student is provided with information to guide them through the entrance/exit counseling process. It is the borrower's obligation to complete the entrance and exit counseling. The Financial Aid Advisor is available by appointment to help the student borrower in this process and to answer any questions.

REFUND POLICY

- A. Enrollment time is defined as the time elapsed between the actual start date and the date of the student's last day of physical attendance in the school. School scheduled vacation periods are not included as enrollment time. PB Cosmetology Education Centre reserves the right to amend this refund policy in order to comply with the new regulations which may be issued by government regulatory agencies.
- B. Any monies due to applicant or student shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:
 - 1. An applicant is not accepted by the school. This applicant shall be entitled to a refund of all monies paid.

2. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her contract and demands his/her money back in writing, within three business days of the signing of the enrollment agreement or contract. In this case, all monies collected by the school shall be refunded, less the application fee of \$100.00. This policy applies regardless of whether or not the student has actually started training.
3. A student cancels his/her contract after three business days after signing, but prior to entering classes. In this case, he/she shall be entitled to a refund of all monies paid to the school less the application fee of \$100.00.
4. The student has the right to cancel the enrollment agreement and obtain a full refund of charges paid through attendance on the fifth-class session, or the fifth day after enrollment, whichever is later less the application fee of \$100.00.
4. A student notifies the institution of his/her withdrawal.
5. A student on an approved leave of absence notifies the School that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence, or the date the student notifies the institution that the student will not be returning; or
6. A student is expelled by the School.
7. If the school closes, cancels or discontinues a program, the student who has not started classes will receive a full refund of all monies paid. If a course is cancelled and ceases to offer instruction after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school.

In type 2, 3, or 4 official cancellations or withdrawals, the cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the School Administrator/Director in person. This policy applies regardless of whether the student has actually started training.

- C.** Any monies due a student who unofficially withdraws from the institution shall be refunded within 45 days of determination by the institution that the student has withdrawn without notifying the institution. Unofficial withdrawals are monitored and determined. Students who are not in attendance for 14 consecutive calendar days will automatically be terminated by the school. For students who unofficially withdraw, the withdrawal date will be 14 consecutive calendar days from the last date of attendance.
- D.** For students who enroll in and begin classes, the following schedule of tuition adjustments will be followed:

PERCENTAGE TIME TO TOTAL TIME OF COURSE	AMOUNT OF TOTAL TUITION OWED TO THE SCHOOL
0.01% TO 4.9%	20%
5% TO 9.9%	30%
10% TO 14.9%	40%
15% TO 24.9%	45%
25% TO 49.9%	70%
50% and over	100%

All refunds will be calculated based on the students last date of attendance.

- E.** All extra costs of textbooks, kits and training materials not included in the tuition price, which is stated in the catalog and contract, are non-refundable items.
- F.** A termination fee of \$100 will be applied.
- G.** Any supplemental loans other than Federal Loans will be treated as cash payments.
- H.** Financial Aid Student Withdraw Policy: Return of Title IV Funds (Effective 10/7/2000)
Students enrolled in the Cosmetology, Skin Care or Barbering Specialty Programs and who received assistance from the Federal Title IV programs, are subject to a special withdrawal policy or Return of Title IV Funds when they terminate from school, as per Federal Regulations. Federal Aid is based on payment periods (0-450, 451-900, 901-1200 for Cosmetology, and 0-300 & 301-600 for Skin Care Specialty). When a student terminates from school, the school must determine what aid the school is entitled to retain by determining what percentage of aid the student earned. This calculation is based on; 1) in which payment period did the student terminate from school, and 2) the number of hours that were completed in that period. Any payment period in which less than 60% was completed, the school can only retain the exact percentage of aid earned, and must refund the remaining amount. If 60% or more was completed of a payment period, the school is entitled to retain 100% of the aid received. Federal Regulations require the return of Title IV funds in the following order, if applicable; Unsubsidized loans, Subsidized loans, Perkins loans, Plus loans, Pell Grants, SEOG or other Title IV, within (45) days of the last date of attendance. In the case of a leave of absence, the refund shall not exceed thirty (30) days from the date of documented return.

Under the Federal Regulations, once the Return of Title IV Funds policy has been applied, the school may then apply their Institutional Refund Policy and charge for unpaid portions of their schooling.

- I.** Refund examples are available in the Financial Aid Office.
- J.** Any student who has received financial aid, and withdraws or is terminated from the School, and for whom a refund is due, will have their refund applied to the financial aid program up to the amount of the student's award. Refunds will be made in the following order:
 - 1. Federal unsubsidized Direct Stafford loan
 - 2. Federal subsidized Direct Stafford loan
 - 3. Federal Direct PLUS loan
 - 4. Federal Pell Grant
 - 5. Federal SEOG Program aid
 - 6. Other assistance programs authorized by Title IV
 - 7. Other Federal, state, province, or institutional student financial aid assistance programs
 - 8. The student

Method of Payment and Additional Charges

Upon enrollment, the Application Fee of \$100.00 is due. This fee is non-refundable. The balance of tuition, and the kit and textbook fee is due and payable in full on or before the first day of classes.

Tuition payment plans may be arranged at the school's option for the balance of the tuition. Students who have been granted a tuition payment plan are required to make payments on the first business day of each month. Students whose tuition payments are received after the 10th of the month will have their account charged a \$10 late fee. Students will be placed on financial suspension if the account goes beyond 30 days' delinquent. The school will apply a \$15 fee for any check returned due to non-sufficient funds.

Payments can be made with personal checks (payable to PB Cosmetology Education Centre), money order, cash, MasterCard, or Visa. PB School offers no discounts or reductions whatsoever in tuition and fees, which are, in all cases, as stated. If the course extends beyond the scheduled course completion date, by more than a 10% absentee allowance, the student will be charged an additional hourly overtime rate for the number of hours needed to complete the course. The overtime rate will be the per-hour tuition rate in effect at the time the student begins the remaining hours of instruction.

Overtime charge by course:

\$12.75 per hour (Cosmetology)

\$13.06 per hour (Barbering)

\$13.73 per hour (Skin Care)

\$9.00 per hour (Nails)

\$11.50 per hour (Teachers)

Students who transfer from full-time to part-time, or from part-time to full-time will be charged a fee of \$25.00 for each change.

Students who have withdrawn or have been terminated from the School who wish to return will be charged a re-application fee of \$100.00. This fee is non-refundable. Students may also be charged the per-hour tuition rate in effect at the time of their reinstatement for the hours needed to complete the course. STUDENT RIGHT TO PRIVACY

Student's Right to Privacy and Access to Records

PB Cosmetology Education Center respects and protects each student's right to privacy and access to records. No personal information about the student will be communicated by staff to anyone without the student's written consent. The school does not publish a student directory. The school requires written consent from the student or guardian before releasing any student information in response to a third-party request, other than a request by NACCAS, unless otherwise required by law.

Student files are maintained and secured in the school's business office. Access to student files is limited to appropriate personnel only. Students may inspect their files, provided the inspection takes place in the presence of authorized staff only.

PROCEDURE:

1. Written consent from the student or parent/guardian of a dependent minor for release of records is required for each third-party request.

2. The school will not release original documents from student files without permission from the School Director.
3. Staff will not acknowledge phone inquiries. All third-party requests must be made in writing and require the consent of the student. Emergency phone calls will be dealt with on a case-by-case basis.
4. Students may access their school records by appointment. Requests must be made in writing. Authorized staff will be available to provide supervision and interpretation of student records.
5. Student's cumulative records will be maintained for a minimum of five years.

FERPA

The Family Educational rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level.

Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct the records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit or evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to specific state law

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The

actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, newspaper article) is left to the discretion of each school.

INDIVIDUAL PRIVACY

Students may not make video, audio or photographic recordings of other students, faculty or staff without the permission of those intended to be recorded. The use of cell phones to allow outside parties to monitor conversations and activities of the school and its occupants is forbidden. All matters of student financial aid are confidential and should only be discussed with the Financial Aid Advisor or Controller.

REQUEST FOR ACADEMIC TRANSCRIPTS

Students may request official transcripts from the Admissions Office. Please allow one week to process the request. Academic transcripts will not be released until the student has a tuition account balance of \$0.

UNIFORM POLICY

All students are required to comply with the following uniform code pursuant to N.J.A.C. Law 13:28-6.21:

CAMPUS SECURITY

Building Security Measures

The following is an outline of procedures that we believe are necessary for each and every employee and student to follow.

1. DOORS

Front Doors

There is one main entrance to the building which is also an exit at the front of the building that enters the lobby. **ONLY** these doors should be unlocked by 8:30a.m. in the morning. They will remain unlocked all day until closing at 9:30p.m. It is Maintenance's responsibility to open these doors in the am, except for on Saturdays. In Maintenance's absence and on Saturdays, it is the clinic coordinator's responsibility to open these doors. On Saturday, the building is opened no later than 8:30a.m. These doors are locked on Monday through Thursday evenings by the night receptionist at 9:30p.m. and on Fridays at 4:30p.m. They are locked on Saturdays by the Clinic Coordinator by 4:00p.m. In any of the above person's absence, the clinic educator in charge will be responsible for the doors.

ALARM: The building alarm located on the panel at the front entry/exit doors is to be disarmed and alarmed at every opening and closing.

Exit Doors

There are seven exit doors in the building. They are:

1. Lobby exit to courtyard
2. Back Hall exit to the courtyard
3. Room #3 fire exit to the back-access way
4. Room#5 fire exit to the side access way
5. Clinic exit to front walk way

These exit doors should remain locked at all times (24/7). If in locked position, they will operate as an exit only for emergency purposes. When locked, these doors will not work as an entrance. Please do not allow access to the building by opening these or any of the exit doors for the student arriving late to school. Absolutely no other doors other than the front entry doors should be unlocked in the evening and on Saturdays.

DOORS SHOULD NOT BE PROPPED OPEN FOR ANY REASON.

2. WINDOWS

It is each individual employee's responsibility to close and lock each window in the area in which they are working. Please have thermostat adjusted by administration if temperature in room is not comfortable.

3. ALARM SYSTEMS

The school director receives weekly alarm panel reports indicating every code entered and the time entered. We will change all alarm access codes in the upcoming weeks.

4. 911/PANIC ALARMS

In the event of an emergency situation, personnel should immediately respond by using the panic alarms located closest to their work stations.

5. PROHIBITED INDIVIDUALS

Occasionally students, clients, and others are prohibited from being on the premises or in the building (students suspended for disciplinary reasons, expelled students, individuals with restraining orders, etc.) It is each employee's responsibility to enforce this policy by asking the individual to leave the premises, notifying administration, and completing an incident report. If the individual does not leave, please call the local police department.

6. RELEASE OF INFORMATION

Absolutely no information about any student/employee is to be given out over the telephone or in person. Any student expecting a guest/visitor should inform the front desk.

Sexual Misconduct Policy

PB Cosmetology Education Centre is committed to providing a working and educational environment for all students, faculty and staff that is free from sex discrimination, including sexual misconduct. Sexual assault, sexual harassment and sexual exploitation, stalking, domestic violence, and dating violence are all forms of sexual misconduct. Every member of the school community should be aware that the school is strongly opposed to sexual misconduct, and that such behavior is prohibited by state and federal laws.

The PB Cosmetology Sexual Misconduct Policy describes the school's programs to prevent sexual misconduct, and the procedures that the school will follow once an incident of sexual misconduct has been reported. This

Policy is disseminated widely to the school community through publications, the school's website, new employee orientations and student orientations and other appropriate channels of communication. Copies of the policy can be obtained from the Director on site or by calling 856-456-4927 or from the school's website at www.pbbeautyschool.com. PB Cosmetology provides training to key staff members to enable the school to handle any allegations of sexual misconduct promptly and effectively. The school will respond quickly to all reports of sexual misconduct, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

PB Cosmetology's Sexual Misconduct Policy governs sexual misconduct involving students that occurs on any school property or in connection with any school sponsored program or event. This Policy applies to all students, employees, and third parties conducting business with the school, regardless of the person's gender, gender identity, sexual orientation, age, race, nationality, class status, ability, religion or other protected status. PB Cosmetology encourages victims of sexual violence to talk to somebody about what happened-so victims can get the support they need, and so the school can respond appropriately. As further described in the Policy, the school will seek to respect a victim's request for confidentiality to the extent possible, while remaining ever mindful of the victim's wellbeing.

Institution shall upon written request disclose to the alleged victim of any crime of violence, or sexual misconduct, the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided upon request to the next of kin of the alleged victim. This provision applies to any disciplinary proceeding conducted by the institution on or after August 14, 2009 (HEOA amendment).

Drug and Alcohol Abuse Information:

Following you will find the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, Public 101-226 and what PB Cosmetology requires of Staff and Students.

Staff and Students are prohibited from the unlawful manufacture, distribution, possession, or use of illicit drugs or alcohol. This prohibition applies while on the property of the school or participating in any institutional activity. Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion or termination from school or employment.

Additionally, there are numerous local, state, and federal laws, which can be used to punish violators. Penalties can range from suspension revocation and/or denial of a driver's license, to 20-50 years' imprisonment at hard labor without benefit of parole. Property may also be seized. Community service may also be mandated.

Students could lose eligibility for financial aid, could be denied other federal benefits, such as Social Security, retirement, Welfare, health care benefits, disability and Veterans benefits. Public housing residents could also be evicted. Finally, a record of a felony or conviction in a drug related crime may prevent a person from entering a certain career.

Drugs can be highly addictive and injurious to the body as well as one's self. People tend to lose their senses and responsibility and coordination.

- a. Effectiveness of its program and implement changes to the program as deemed necessary
- b. Insure that any disciplinary sanctions conducted during that time are consistently enforced.

Student Complaint and Grievance Procedure

PB Cosmetology Education Center will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures are discussed at junior orientation and all students are informed of the steps to follow should they desire to submit a complaint at any time. Evidence of final resolution of all complaints is retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

1. The students should submit the complaint in writing on the Complaint/Grievance Form
within 30 days of the date of the alleged grievance incident.
2. The complaint form should be submitted in person or mailed to PB Cosmetology Education Centre, 110 Monmouth Street, Gloucester City, NJ, 08030.
3. School management will meet regarding the complaint within 10 days of receipt of the grievance form and a response will be written to the student within 15 days of the meeting. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint. If more information from the student is needed, it should be provided to the school management in writing.
4. If the complaint is of such nature that the school management cannot resolve it, it will be deferred to an appropriate agency, if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If, necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be employed by the school or related to the school owners.

The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The

hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony, and a recommended resolution for the dispute. School management shall consider the report of the hearing committee and either accept, reject, or modify the recommendations of the committee. The administration's decision at this stage is final.
